

Important Safety Notice

Product Recall

Wireless Chargers

We have identified several models of wireless chargers which do not meet electrical safety standards. If a metal object is placed near an affected charger during use, the charger can overheat which may cause it to melt or damage property, and the metal object may burn the skin if touched.

The safety of our customers is very important to us, so as a precaution we are recalling **all wireless chargers from the above brands** which were on sale in TK Maxx and Homesense stores and online **between January 2023 and February 2024**. This includes 2-in-1 and 3-in-1 products with built-in wireless chargers, for example speakers or power banks. No other brands are affected.

If you purchased a wireless charger of one of these brands, please **stop using it immediately** and return to any TK Maxx or Homesense store for a full refund.

You can find more information online at www.tkmaxx.com/uk/en/product-recall. For further enquiries, please contact Customer Service on:
